A very old church...

- It was built in the middle of the 14th century and it was the only church that had a cupola.
- It has three niches with a very impressive ceramic-plastic decoration on them.
- You can see many ancient marbles in its courtyard, forecourt and on its walls.
- Its frescos (wall paintings) are dated from 14th to 16th century.
- The church is open only in the saints' name day, on July 15.
